Some people seem to think that loud talk makes a sound argument.

Marion Harland.
The celebrated authoress, so highly esteemed by the women of America, says on pages 103 and 415 of her popular work, "Six Daughters; or, Common Sense for Maid, Wife and Mother."

"For the aching back—should it be slow in recovering its normal strength—an Allcock's Plaster is an excellent comforter, combining the sensation of the sustained pressure of a strong warm hand with certain tonic qualities developed in the wearing. It should be kept over the seat of uneasiness for several days—in obstinate cases, for perhaps a fortnight."

"For pain in the back wear an Allcock's Plaster constantly, renewing as it wears off. This is an invaluable support when the weight on the small of the back becomes heavy and the aching incessant."

Uncle Allen.
"I suppose there is such a person as the foolkiller," mused Uncle Allen Sparks, "but he has either retired from business or he's hopelessly behind on his orders."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CUREN & Co., Toledo, O.

Nearly All Wreck Victims Are Burned to Ashes

The names of all of the dead will probably never be known as 45 of the bodies were consumed in the flames or were so badly burned that identification will be out of the question. Thirty-eight people were injured and several of these will die. Eighty others escaped unhurt but lost nearly all their baggage and clothing.

Chicago, Ill., Special.—At 1 o'clock the officials of the Baltimore and Ohio announced that they had received positive news from the wreck at Woodville, Ind., and that out of 125 people on the train, forty were killed, thirty-five others injured and sixty escaped unhurt.

"The collision was between a west bound immigrant train and a Chicago and New York east bound freight train. There were 135 immigrants on the passenger train. The last report says that up to 8:30 o'clock only one immigrant had been found dead and as near as could be told about 40 or 50 were missing. They may probably have scattered over the country. "The entire immigrant train of six cars were burned, as were three cars in the freight train. The fireman of the freight train is dead and fireman Culler of the immigrant train so badly hurt that he cannot live."

A Vigorous Attempt Being Made For Pardon of Principals in Famous Case.

Salisbury, Special.—Notice has been given that application will be made to Governor Glenn for the pardon of Thomas and Chalmers White, two prominent citizens of Concord, who are each serving a five year sentence in the penitentiary for the killing of Russell Sherrill, a prominent young man of Mt. Ulla, Rowan county, several years ago. It will be remembered that they went to Sherrill's home to induce him to marry their niece, whom they alleged he had betrayed. Their visit resulted in the shooting of the young man on the porch of his mother's home. They then drove to Salisbury, surrendered and were placed in jail, later were given a preliminary hearing and released on a \$25,000 bail each, which was immediately given. After their conviction and after an appeal and the supreme court had passed upon the case they went to Raleigh unattended and remained unrecognized at the Yasborough Hotel for a day or two. Sheriff Julian went to Raleigh to commit them to the keeping of the prison authorities and the two men drove out to the penitentiary and met the sheriff at the entrance and began to serve their sentence. RACE QUESTION CROPS OUT

Bobs Up in Southern Immigration Conference

VARIOUS PLANS ARE DISCUSSED

Two Sessions of Immigration and Quarantine Conference at Nashville, Given Over to Discussion by Representatives of Every Section of the South.

Nashville, Tenn., Special.—The Southern Immigration and Quarantine Conference, aside from the appointment of committees, gave the day over to speech-making by men, representative of every section of the South. While the conference, which was presided over by its president, John I. Cox, Governor of Tennessee, was called primarily for the consideration of matters pertaining to immigration and quarantine, the action of the Federal government in taking charge of the quarantine two years ago, eliminated almost entirely the subject from discussion and the delegates devoted the time to a consideration of methods necessary to securing a proper share of the immigrants arriving in this country from foreign shores.

The discussion had not proceeded far when the race question came to the fore and occupied the attention of the delegates throughout the two sessions of the day. The sentiment of the delegates on the negro question was manifest early in the day in the burst of applause which greeted Governor Cox's statement that the South must deal with the negro that the negro must be protected and his rights preserved, but that political rights must be taken from the low and vicious of the race. This sentiment was further endorsed when Governor Heyward, of South Carolina, who made the principal speech of the day and was given an ovation, declared that immigration would yet solve the negro problem.

The purpose of the conference is to bring about a more equitable distribution of the immigrants who reach the United States from foreign shores. The idle negro class causes some apprehension in the minds of immigrants, according to those believed to be well informed, and this operates against the South receiving what it thinks is its proper share of laborers from abroad. Various plans are suggested for ridding the South of idle negroes, and the race question therefore was early injected into the discussion.

Governor Cox, who is the permanent chairman of the conference, called the delegates to order and welcomed them. In touching on the negro question Gov. Cox said:

"The problem must be settled by the South, but the aid and sympathy of the North is essential. If they will not help us," continued the Governor, "if they will not repeal the 14th and 15th amendments to the constitution, then let us here resolve that we will write in the fundamental law of every Southern State, a guarantee to the negro for protection of life, liberty and the pursuit of happiness, but forever denying to the vicious and ignorant all political rights." (Applause.)
